Martin Castellanos

Las Vegas, NV | martincwebdev@gmail.com | github.com/MartinWebDevv

Summary

Motivated Junior Full-Stack Developer with hands-on project experience in React, Node.js, and PostgreSQL. Currently expanding skills through Udemy's Complete Full-Stack Web Development Bootcamp. Passionate about building responsive, user-friendly applications and eager to grow within collaborative development teams. Strong background in customer service and leadership, with proven ability to adapt quickly, communicate effectively, and deliver results.

Technical Skills

Languages/Frameworks: JavaScript (ES6+), React.js, Node.js, Express.js, HTML5, CSS3, Bootstrap, Tailwind

Databases: PostgreSQL, MongoDB, Firebase

Tools & Platforms: Git/GitHub, Vercel, Netlify, Postman, VS Code

Other: REST APIs, Authentication (Passport.js, Firebase Auth), Responsive Web Design

Projects

- Portfolio Website – React + Bootstrap

Personal website showcasing About, Projects, and Contact sections. Integrated Formspree for functional contact form. Deployed with Vercel.

- Appointment Booking App – React + Node + PostgreSQL

Scheduling system with user authentication and CRUD operations for managing appointments. Responsive UI for desktop and mobile.

- E-Commerce Template – React + Express + PostgreSQL

Product catalog, shopping cart, and checkout flow with admin features for product management. Focused on scalability and clean UI.

Education

Coding Dojo – Full-Stack Developer Certificate

Immersive training program covering Python, Java, and MERN stack. Projects included building REST APIs, full-stack applications, and database-driven apps.

Del Sol Academy of the Performing Arts – High School Graduate (2018)

Experience

Vape Street – Manager / Sales (2019 – Present)

Manage daily operations, inventory, and financial transactions. Train and oversee employees, interview and hire new staff. Applied leadership and problem-solving to maintain efficiency across multiple branches.

Wintech LLC – QA Intern (June 2021)

Performed feature, regression, and smoke testing. Reported bugs and documented new features for developer handoff. Assisted with DevOps and test environment management.

Extra

Typing speed: 60 WPM | Basic SEO and WordPress site management | Strong communication and client-facing skills
